

Transferability of GP Plus

Lessons from Rural consultation

Stepped care – where & when needed

GP Plus Health Care Strategy

- Announced in August 2007
- Whole of State approach
- SA Health Care Plan 2007-2016
- Country Health SA in order to contribute to the service plan has developed a planning team ,informed by a number of Task Groups.
- Task.. Consult, recommend the number of networks and model of GP Plus centres .

ased in August 2007 to address key recommendations arising from the Generational Health
in community. Health Networks are a key element of this strategy that will support the plan
the Country Health SA.

Australian Care Plan 2007 – 2016 Country Health SA has established a Planning team, su
development the Country Health SA Services Plan 2007 - 2016.
ask groups is which has been given the task to develop recommendations for GP Plus Netw
Centres for Country SA.

Transferability
